## REPORT OF THE BOARD OF MANAGERS.

---

The Board of Managers of The Educational Home present their Sixteenth Annual Report to their friends and to those who take an interest in the workings of the Institution.

One very pleasant event during the past year, deserving special note, was the visit of two of the Indian pupils to the Exhibition of American Industries held in London last summer. The two young men thus privileged to go abroad were John Van Metre and Alexander Ransom. Having obtained the necessary consent of their parents and of the United States Government, they were duly fitted out with every thing requisite for their comfort on their voyage across the Atlantic. They sailed in the first cabin of the steam ship *British Princess* on the thirtieth day of March, and reached England in due time. Here they remained until midsummer when they returned to the Educational Home much benefited by their experience in a foreign land. They took out with them various specimens of the handiwork of the Indian pupils of the Lincoln Institution. The Jury of Awards was pleased to bestow a Diploma in recognition of the skill evinced in this exhibit of Indian industry. Our two visiting pupils went out as the guests of the Trustees of the Exhibition and were the recipients of a generous hospitality.

Our exhibit in the Constitutional Centennial procession last September was considered the best in the first day's parade. We had ten floats and one omnibus, upon and in which were represented the Indians in all stages of social development, from the savage state up to the fully civilized condition. We also showed the product of our farm, our various industries, and the attainment of our pupils in music. They attracted a great deal of attention. Many people learned for the first time from witnessing this display how successful are the efforts to benefit the Indian. Hundreds had never known before what was going on here in their native city towards civilizing the Red man, and many and sincere were the expressions of gratification and surprise.

The report of the manual work done in the Institution during the past year by the inmates shows that this important part of their education has not been neglected. A number of them by these means obtain a knowledge of useful trades, while those employed in the city have opportunities of learning the modes practised in the various business houses in which they are engaged. They thus acquire a practical experience in forming habits of industry, are taught the advantages of personal effort and are stimulated towards self-reliance and support, two of the most important of all the lessons the Indians have to learn, especially as the provisions of the Dawes bill passed in Congress are likely to be accepted by them. The Indian will thereby have all the rights of citizenship. It is of much importance therefore that he should have instruction in business habits and education as well as a knowledge of farming. It is unreasonable and unnatural to expect them all to turn their attention to agriculture. No community can thrive that devotes itself exclusively to one pursuit.

Variety of occupation will tend also to break up the pernicious habit of living in tribes. Experience has shown that people who adopt the tribal or clan relation degenerate sooner or later into vagabonds or outlaws.

It is again our sad duty to record the loss of prominent members in our Board of Council. The death of our late beloved diocesan, Bishop Stevens, is yet fresh in the minds of all. We can add but little to what has been said in honor of his memory. We shall miss his venerable and dignified presence at our annual meetings, where for so many years he acted as our presiding officer.

The sudden death of Mr. John Bellangee Cox makes another gap in our ranks. Snatched away while apparently in the enjoyment of full vigor and health it is hard to realize that we shall not see his face again. Our Institution had no more zealous and loyal friend than Mr. Cox. He was one that could be called upon at anytime and for anything. The high regard and affectionate esteem in which he was held were but fitting tributes to his pure unselfish nature, his mental and moral worth, his genuine Christian character. Though quiet and unobtrusive in manner, he was ever among the first in the hour of emergency, displaying those sterling qualities that are always so characteristic of true manhood.

We would again recognize our indebtedness to our Physician, Chaplain and Lay Reader for their efficient services at all times.

We are also greatly obliged to the Unitarian Dorcas Society, to the Friends' Dorcas Society, and to Miss Lea for work done during the past year.

We would draw attention also to the list of donations, and we heartily thank all our benefactors for their generous aid and support.

The Admission Committee's report is herewith appended:—

Boys received into the Home,	18
“ returned to their homes or friends,	21
“ on roll,	129

Of these there are

Soldiers' Home Boys,	15
Paid for	1
Number of Indian pupils,	99
“ “ deaths,	0
Admitted since the Home opened,	608

In conclusion we would ask for the continued prayers and support of all those who take any interest in charitable and missionary work. We trust too that it may please the Giver of all good gifts to be with us and to aid us in our efforts to promote the cause of His Son. We pray also that His Blessed Spirit may go with us and send a large increase as the result of our labor in and for the Lord.

ANNE C. ROWLAND,

*Secretary.*

## REPORT OF THE CHAPLAIN.

---

I would respectfully report that the services of the Chapel have been regularly conducted by myself and the Lay Readers, Mr. S. Lord Gilberson and his successor, Mr. Jules L. Prevost of the Divinity School.

The following statement shows the condition of the congregation:—Baptisms, 25; Confirmed, 12; Communicants added, 15; removed, 12; present number, 18; Burials, 0.

Amount raised at offertory, \$8.53; amount contributed to Domestic and Foreign Missions, \$8.53.

On the Third day of last June twelve candidates were confirmed by Bishop Whitaker. Ten of these were Indian pupils of our Institution, the other two were young men employed in the Home. One of these was an Englishman and the other an American; the former our farmer, the latter our engineer.

It is also worthy of special notice and gratitude to God that we have had no case of fatal illness during the past year.

We have great reason to be thankful for the promising condition of our church work at the Home. We trust that the Heavenly Father will bless us with renewed outpourings of His Holy Spirit, and that the gospel of Christ may fall on good ground, yielding a rich harvest fit for the Master's use in the kingdom of heaven.

HENRY J. ROWLAND,

*Chaplain.*

## PHYSICIAN'S REPORT.

---

Though several serious cases of illness occurred during the past year, they all terminated favorably, and the health of the Home as a whole has been very good. Tonsillitis, Pneumonia, and the Continued Fevers are the disorders of most common occurrence, but the boys respond readily to treatment and rarely exhibit any indications of constitutional weakness. The sanitary condition of the Home continues excellent.

CHARLES P. GRAYSON, M. D.

# MINUTES

OF THE

16TH ANNUAL MEETING OF THE CONTRIBUTORS,

*Held Thursday, February 2d, 1888,*

**At 324 South Eleventh Street.**

---

The Rt. Rev. O. W. WHITAKER, Bishop of the Diocese, presided, and on motion duly seconded, the Rev. HENRY J. ROWLAND was elected Secretary.

The Chairman opened the meeting with reading of Scripture and prayer. The minutes of the Fifteenth Annual Meeting were read by the Secretary, and approved. The Secretary also read the following:—the Reports of the Treasurers of the Boards of Managers and Council, the Report of the Chaplain, all of which, upon motion duly seconded, were approved, and eight hundred copies of the Report ordered printed.

The following named gentlemen were nominated and elected to serve on the Board of Council for three years:—Solomon Shepherd, William H. Merrick, Henry Lewis, Jr., Joseph Jeanes, Wm. Henry Lex, Henry J. Rowland, Walter Allison, J. Topliff Johnson. The Rev. Joseph L. Miller was elected to fill a vacancy to serve for two years. Henry Laussat Geyelin was elected to act as Treasurer of the Board of Council in place of G. Theo. Roberts, resigned.

The following named ladies were nominated and elected to serve on the Board of Managers for the term of three years from date of meeting:—Miss E. J. Ronaldson, Mrs. Henry Ashhurst, Miss Charlotte A. Brown, Mrs. James Leslie, Mrs. Charles C. Lancaster, Miss Martha Brown, Mrs. Meade Bache, Mrs. Floyd White, Mrs. W. H. Eisenbrey, Mrs. R. Edgar Hastings.

Mr. Benjamin G. Godfrey offered the following resolution, which was unanimously adopted:—

*Resolved*, That our Chairman be requested to prepare a minute expressive of the loss that the Board has sustained in the death of their colleague, Mr. Cox, and that they desire to express their sincere sympathy to Mrs. Cox in her bereavement.

The following is the minute prepared by the Chairman and adopted by the Board:—

“It is with deep regret and the sincerest sympathy that the Councillors of The Educational Home have heard of the sudden death of their esteemed colaborer, John Bellangee Cox, Esq. Their regret is deep in the loss of one of their number who was so ready to engage in every good work, so willing to contribute to every worthy cause and so capable in accomplishing whatever he undertook.

Their sincerest sympathy is with her who is thus called to bear the heavy grief of separation from him who was dearest to her in life; and with the assurance that they mourn with her, they place on record this expression of their sense of the loss which they have sustained.”

Bishop Whitaker then made a short address which was substantially as follows:—That the work done at The Educational Home was wider in its influence than was probably

realized by those having it in charge, that we are often apt to lose sight of the importance of the result of our efforts in the monotony of daily routine. We should guard ourselves against this tendency to discouragement. The Bishop thought that we had succeeded in demonstrating several fundamental truths; that we were showing what the Gospel of Christ will do; that it is a seed of life in the Indian child just as much as it is in that of our own children. It demonstrates the power of Christ to lift up individuals from the lowest strata of humanity. The true policy to be pursued in missionary work among heathen nations is not only to preach the Gospel but to try at the same time to quicken their moral and intellectual sensibilities. The Bishop also stated that nothing in the vast Centennial display last September was more touching in his opinion than the sight of Indian youths marching in line with their school books and slates under their arms. While there was much to excite the wonder and admiration in the various exhibitions of mechanical, useful and decorative arts, still there was nothing that could surpass in attractiveness this living example of the beauty of caring for neglected lives.

There being no further business, the meeting, on motion, adjourned.

HENRY J. ROWLAND,

*Secretary.*
